Education

International students must follow the GTU Regulations on Undergraduate Education with regard to the educational issues. Students are supposed to certify their Turkish language proficiency to start their undergraduate education. The Turkish proficiency levels of the students are determined according to the certificate of achievement which is given by the centres (TÖMER) that provide Turkish language education and are approved by the Turkish Council of Higher Education. Levels:

1. Turkish proficiency levels (A) and (B) are inadequate.
2. Turkish proficiency level (C) and above is sufficient.

As the language of the education in our university is minimum 30% English, the students who reach the level of desired Turkish proficiency can continue their education if they pass GTU English proficiency exam or certify their achievement in any equivalent English proficiency exams. The students who fail in GTU English proficiency exam or do not certify their achievement in any equivalent exams continue their education in English preparatory class.

International students have 2 years in total to submit their Turkish and English proficiency certificates.
