

# BEYOND INTERNSHIP: GAIN REAL WORLD EXPERIENCE

If you are  
**confident in C/C++**  
aiming for a career in Embedded Systems

## Join our Summer 2024 Embedded Project

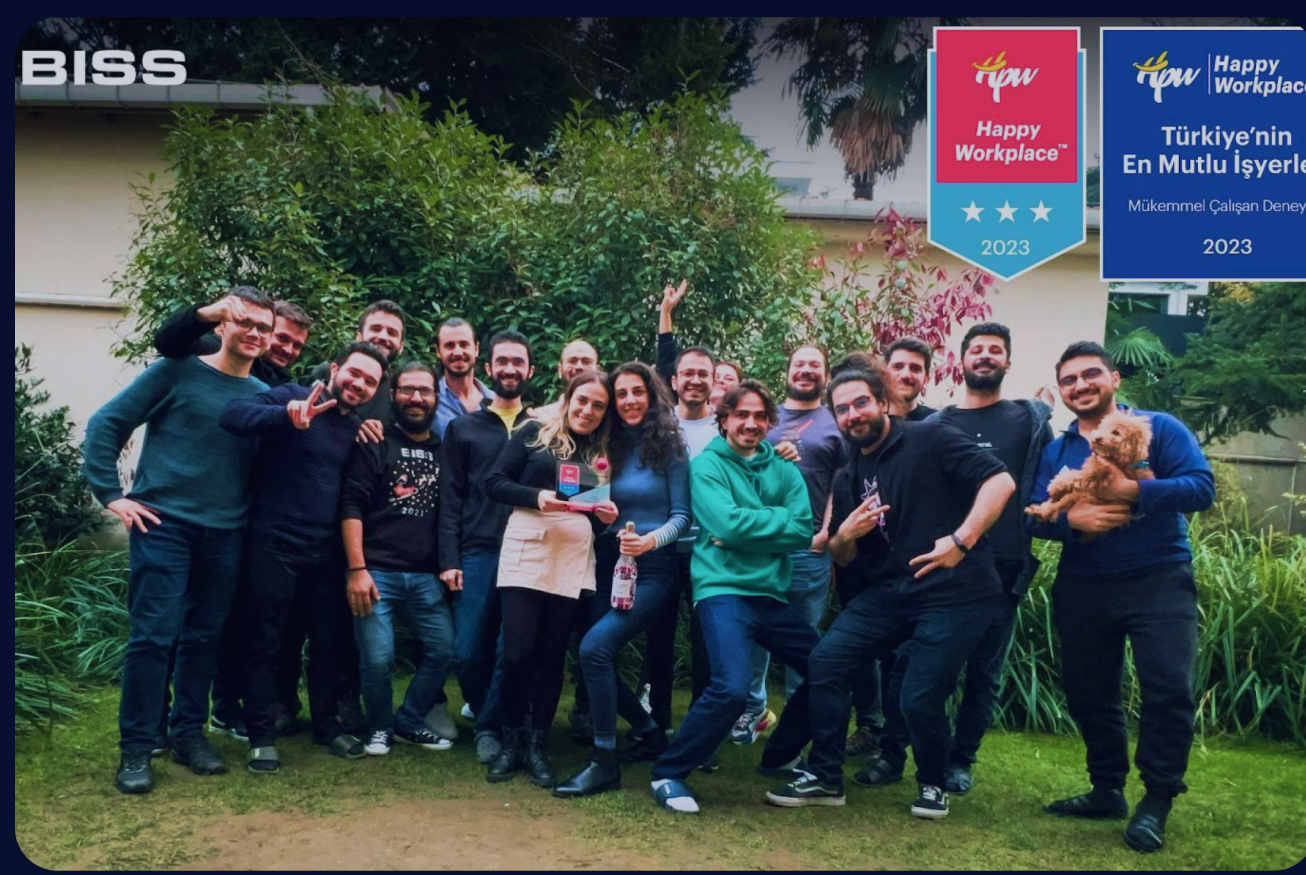

No Experiences Needed. Passion & Confident Is The Must.

### Who Are We?

Started in 2019, BISS has grown to be a trusted solution partner to international companies. We love challenges, and being the solution.

We are veterans specialized in solutioning various technologies came together. Each one of our engineers have vast amounts of experience at leading tech companies within their areas.

Empowered by Technology and Innovation, we provide modern solutions and products in areas such as Embedded Systems, DevOps Architecture, Web and Mobile App Development, Test Automation and Quality Assurance.

#### Discover your 'Happy Place' at BISS

Where Work Feels Like Joy!
