Berlin, March 3, 2023

Letter of invitation for Ms. I

← Student Name

To whom it may concern,

I am writing on behalf of Ms. I (currently enrolled at the Gebze Technical University, Turkey) to support her application for the Erasmus+ Internship program. I have agreed to host her at my group to carry out her internship work from July 24, 2023 to September 29, 2023. → Date

During her internship, she will perform I...
... and hydrogen over the...
methanol production mechanism by hydrogenation of C...
catalyst...ism works.

} content of the work subject to internship

Both the surface...
... information at the molecular level to det...
Density Functional Theory (DFT) models, which are not subject to physical obstacles such as pressure,
... obtain the information needed to study the active
phases. Ms. I will study the reaction steps toward the formation of methanol overing... (110)
surface

If she is accepted for the Erasmus+ internship program, Ms. Cinar will carry out the work described above during her stay at my research group at the Insitute for Chemistry at Technical University Berlin.

Sincerely,

Handwritten signature and name
