

# Meet with your Digital Co-Workers

Live the revolution in Service & Delivery

Deliver your items autonomously

Saha Robotic offers smart solutions for indoor service & delivery.

**SAHA**<sup>®</sup>  
ROBOTIC  
DELIVERY  
TECHNOLOGIES

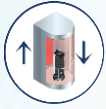

Human being is valuable. Employees can do higher value-added work instead of simple and repetitive workload.

Do you want to sign a contract with a digital co-worker for service or delivering items in 24 hours & 7 days with no shift, no off day and with less cost?

Speedy Robots can be used for room service in the hotels or table service for the restaurants or in the hospitals, they can deliver any items to any specific points vertically or horizontally in any complex buildings.
