

Anlaşma kapsamında nasıl yayın yapılır

İşte bu kadar kolay:

Anlaşma kapsamında nasıl yayın yapılır

- Makalelerin uygunluğunu, ilgili yazarın bağlı olduğu kuruluşa göre belirliyoruz.
- Makalenin uygun olabilmesi için anlaşma şartlarınca kabul edilir olması gerekmektedir.
- Hakem değerlendirmesi süresince veya kabulden hemen sonra yazara makalesini açık erişim olarak yayınlayacağımızı bildiriyoruz.
- Makaleler otomatik olarak açık erişim ile sunulur. Yazar tercih ederse yine de vazgeçebilir, ancak bu çok nadir karşılaşılan bir durumdur.

Sorumlu yazar, makaleyi gönderen kişidir. Başvuru, hakem değerlendirmesi ve yayın süreci boyunca dergi ile iletişimde olmaktan sorumludur.

Open Access

This journal gives you the option to publish your article on an [open access basis](#) under a [CC BY licence](#).

Why choose open access?

- Open access articles are accessible to subscribers and non-subscribers, maximising visibility.
- Open access articles are downloaded and cited more frequently than non-open access articles on average.
- Open access publication may enable you to comply with certain funder policies.

Open Access Pricing

An article publication charge (APC) applies if you choose open access and your article is accepted for publication following independent peer review. Will my institution pay my fees?

We have open access agreements with institutions and funders that may cover applicable APCs at no cost to you. To see if your institution has an agreement that covers this journal, please check via our [website](#) or with your librarian. Whichever option you choose below, IOP Publishing will investigate whether you are eligible for funding and if we identify that you are, we will contact you to let you know.

A guide to submitting under a Transformative Agreement

To check if your institution is covered by a transformative agreement, go to '[Transformative and institutional open access agreements](#)' and select the agreement you think you may be covered by. Each agreement page lists all of the member institutions and eligible journals.

When you are ready to start your submission, follow **steps 1-4** on our submission system; ScholarOne.

Note: a small number of eligible journals do not use the ScholarOne submission system.

At **step 4** you'll be asked to enter author information. As the corresponding (submitting) author you'll need to make sure your affiliation is clearly stated on the submission form. Use the **autofill** to provide your institution name.

The corresponding author is the author that submits the manuscript, and is responsible for communicating with the journal during the submission, peer review and publication process.
