Department of Mechanical Engineering

ME491 - Graduation Project I and ME492 - Graduation Project II

Calendar 2026-2027 Fall

The dates and rules that Mechanical Engineering students taking Graduation Project I and II courses should pay attention to are given in the table below. **For ME 491, the projects will be conducted in groups; each group must consist of at least 2 students and at most 4 students.**

Work Plan	Deadline
Students must register for the ME491 - Graduation Project I course opened on behalf of the Faculty Member by agreeing with a faculty member on the graduation project. (ME492 - Graduation Project II students will continue with the same Faculty Member and subject.) **See the link below for the latest project lists of eligible faculty members and existing groups.** **Graduation Project Fall26.xlsx** **All students** must fill in the form below: https://forms.office.com/r/rRSh51smKf	Friday, October 02, 2026 17:00
Students taking the ME491 course will prepare a presentation explaining the purpose, scope, work steps, time plan and, if necessary, budget of the graduation project that will last two semesters and defend it in front of the jury assigned to them. The presentation duration will be a maximum of 10 minutes for each project. (ME492 - Graduation Project II students will not make a pre-presentation.)	Friday, October 16, 2026 10:00
All students will prepare a Graduation Project I or II Report describing the activities they have carried out during the semester according to the current template announced on the department webpage. They will send the reports to the jury members by e-mail, with the Department Secretariat kept in CC. (ME492 - Graduation Project II students must submit their reports in paperback to the Department Secretariat.)	Friday, January 08, 2027 17:00
Students who have successfully completed the previous steps will deliver their Graduation Project I or II presentations before a three-member jury assigned to them. Each presentation will last 20 minutes in total: 15 minutes for the talk and 5 minutes for Q&A. The letter grades for ME491 and ME492 will be determined after the jury's evaluation. **Presentation: Online (Teams)**	Monday, January 18, 2027 09:30
